

GATE CS → PSU Jobs: Complete Research Guide

Prepared for: Bankuru Ganesh **Stream:** Computer Science & Engineering (GATE paper code: **CS**)
Compiled: 10 September 2026 **Scope:** Every major PSU + Group-A organisation that recruits CSE/IT graduates via GATE CS

How to read this: Cutoffs and salaries are drawn from published notifications, RTI-based reports, and coaching/edtech compilations for GATE 2023–2026. Where a figure is an *estimate or projection*, it is marked **[est]**. Always verify the live notification on the PSU's own careers page before applying — PSU hiring rules change every cycle.

PART 0 — The Single Most Important Reality Check

Before the list, understand these five facts. They decide your whole strategy.

1. **very few PSUs hire CSE.** Most PSUs exist for oil, power, steel, mining, defence hardware. Their core cadres are Mechanical, Electrical, Civil, Chemical, Instrumentation. CSE seats are typically **1-10 per cycle**, sometimes **zero**. This is why CS cutoffs are sky-high.
 2. **High marks ≠ high competition-free.** Because seats are few, a CS cutoff can be **higher than Mechanical/Electrical** (e.g. GAIL CS 2024 = 88.6 marks vs GAIL Mechanical 89.3 — near-parity despite far fewer seats).
 3. **Several top PSUs have moved OFF GATE to their own CBT.** IOCL (2025 & 2026), ONGC (2025), HPCL, BEL, ECIL largely run their **own Computer-Based Test** now. GATE still works for many, but always check whether the current cycle is "through GATE" or "through CBT".
 4. **GATE score is only the entry ticket.** Typical weightage: **GATE 85% + GD 3-5% + Interview 10-12%**. So your GATE marks do ~85% of the work — but interview prep decides the final seat.
 5. **Score validity:** a GATE scorecard is officially valid **3 years**, but **most PSUs accept only the current year's score**. Assume your score lives for one hiring cycle.
-

PART 1 — Master Table: PSUs Open to GATE CS

#	PSU / Org	Category	Sector	CSE role	GATE CS cutoff (latest known)	Pay scale / CTC	Bond	Age lim
1	GAIL (India) Ltd	Maharatna	Oil & Gas (midstream)	Executive Trainee (BIS)	88.6 marks (2024) ; 85–90 [est 2025]	₹60,000–1,80,000 / ₹15–22 LPA	3 yrs	26–
2	IOCL	Maharatna	Oil refining & marketing	Engineer/ Officer Gr-A; GAES	~54+ marks for shortlist (RTI); now own CBT	₹60,000–1,80,000 / ₹16–25 LPA	3 yrs; ₹3 lakh (Gen)	26
3	ONGC	Maharatna	Oil & Gas (upstream)	Assistant Executive Engineer (CS)	63 marks (Gen, 2022)	₹60,000–1,80,000 / ~₹25 LPA CTC	3 yrs	30
4	NTPC	Maharatna	Power generation	Engineering Executive Trainee	~70+ marks (Gen) [est]	₹40,000–1,40,000 / ₹12–18 LPA	3 yrs; ₹5 lakh (Gen)	27
5	POWERGRID (PGCIL)	Maharatna	Power transmission	Engineer Trainee	67.88 (2024), ~70 (2025)	₹40,000–1,40,000 / CT~₹22.5 LPA post-training	3 yrs; ₹5 lakh (Gen)	28
6	Grid India (POSOCO)	Navratna	Power system operation	Executive Trainee	74.67 (Gen, 2024)	₹50,000–1,60,000 / ~₹20 LPA	3 yrs	28
7	BHEL	Maharatna	Heavy electrical/defence	Engineer Trainee	High (CS among most competitive)	₹24,900–50,500 / ~₹12 LPA	3 yrs; ₹5 lakh (ET)	27
8	BPCL	Maharatna	Oil refining &	Executive/	60%+ min; CS	₹60,000–	3 yrs	26–

#	PSU / Org	Category	Sector	CSE role	GATE CS cutoff (latest known)	Pay scale / CTC	Bond	Age lim
			marketing	Engineer	accepted	1,80,000		
9	HPCL	Maharatna	Oil refining & marketing	Officer – IT / IS	Own CBT	₹30,000–1,20,000 / ~₹10.9 LPA	3 yrs; ₹3 lakh (Gen)	25–
10	EIL (Engineers India)	Navratna	Engineering consultancy	Engineer Gr-I	CS/IT accepted via GATE	₹60,000–1,80,000	3 yrs	25–
11	NPCIL	Navratna	Nuclear power	Executive Trainee → SO/C	650–750 score [est]; 330 posts 2026	₹56,100 (L-10) → ~ ₹1.34 L/month	3 yrs	26
12	BARC (OCES/DGFS)	Group-A (DAE)	Nuclear R&D	Scientific Officer C (code CS-26)	GATE score 831 (2025)	Stipend ₹74,000/mo → SO/C ₹56,100+	Serve DAE 3 yrs (indemnity)	26
13	DRDO (RAC)	Group-A (Defence)	Defence R&D	Scientist 'B'	GATE >700–800 helps	₹56,100–1,77,000 / ~₹1 L/month	3 yrs	28
14	NALCO	Navratna	Aluminium	Graduate Engineer Trainee	65% min in degree; CS/IT listed	₹60,000–1,80,000	4 yrs	30
15	NLCIL	Navratna	Lignite & power	Graduate Engineer Trainee	60% min; CS accepted	₹50,000–1,60,000	3–4 yrs	30
16	NHPC	Navratna	Hydro power	Executive Trainee	63.79 UR (2024)	₹40,000–1,40,000	3 yrs	30
17	NFL	Miniratna	Fertilizers	Executive Trainee	60% min; CS	₹16,400–40,500 /	3 yrs	27

#	PSU / Org	Category	Sector	CSE role	GATE CS cutoff (latest known)	Pay scale / CTC	Bond	Age lim
					accepted	₹40,000–1,40,000		
18	MTNL	PSU	Telecom	Executive Trainee	60% min	₹16,400–40,500	—	30
19	HAL	Maharatna	Aerospace/defence	Engineer/Management Trainee	Own exam mostly	₹40,000–1,40,000	—	27
20	BEL	Navratna	Defence electronics	Probationary Engineer	Own CBT; CS cutoff high (~82/125)	Basic ₹40,000 / ~₹13 LPA	—	28
21	ECIL	Miniratna	Electronics/defence	Graduate Engineer Trainee	Own CBT (GATE optional)	₹40,000–1,40,000	—	25
22	WBSEDCL	State PSU	Power distribution (WB)	AE (IT/CS)	GATE-based	State pay scales	—	—
23	Coal India (CIL)	Maharatna	Mining	Management Trainee	CS discontinued (Mining only now)	₹50,000–1,60,000	3 yrs	30
24	SAIL / NMDC / MDL / DMRC	Maharatna/Navratna	Steel/Mining/Ship/Airport-metro	Various	Mostly core branches; CS rarely/never	Varies	—	—

Legend: Maharatna = highest tier (autonomy, best pay). Navratna = mid-high. Miniratna = smaller, specialised.

PART 2 — Detailed Cards (the ones worth chasing)

Tier 1 — Best pay + brand for CSE

1. GAIL (India) Limited — *the best "pure CSE" PSU seat*

- **Role:** Executive Trainee (BIS — Business Information System), E-2 grade
- **Why CSE-heavy:** GAIL is one of the very few PSUs where a *Computer Science degree* is the **required** qualification for a specific post (not just "eligible").
- **Eligibility:** B.E./B.Tech in Computer Science, **min 65% marks**; age ~26–28 (relaxations for OBC +3, SC/ST +5, PwD +10)
- **Cutoff: 88.6 marks (GATE 2024)** — among the highest of *any* PSU discipline. [est] 85–90 for 2025–26.
- **Pay:** Basic ₹60,000 in scale ₹60,000–1,80,000 during 1-year training-cum-probation; confirmed into same scale (E-2). Annual CTC ≈ **₹15–22 LPA** with DA/HRA/perks.
- **Bond:** 3 years typical.
- **Selection:** GATE marks (high weight) → GD → Interview.
- **Career:** IT/ERP/SCADA/cyber roles across pipelines & corporate offices. Postings: Noida HQ + regional.
- **Verdict:** *If you want CSE-as-CSE in a Maharatna, GAIL BIS is the flagship target. Also expect the toughest CS cutoff.*

2. ONGC — *highest CTC*

- **Role:** Assistant Executive Engineer (Computer Science / IT), E-1 level
- **Eligibility:** B.E./B.Tech Computer Engg / IT, **min 60%**; **MCA / PG Computer Science / DOEACC 'B'-level also eligible** (rare and useful if you have MCA)
- **Cutoff: 63 marks (General, 2022 cycle)** for CSE
- **Pay:** Basic ₹60,000–1,80,000 + 3% annual increment; allowances **@35% of basic** under cafeteria + DA + HRA/company accommodation + CPF + PRP + gratuity + medical. **~₹25 LPA CTC** — the best headline package among CS-eligible PSUs.
- **Age:** up to 30 (generous).
- **Bond:** 3 years.
- **Note:** ONGC ran its own **CBT** in 2025 for E1 posts; check whether your cycle is GATE-based or CBT-based.

3. IOCL — *biggest recruiter by volume*

- **Role:** Engineer/Officer Grade-A (+ Graduate Apprentice Engineer Scheme, GAES)
- **Eligibility:** B.E./B.Tech CS with **65% (55% SC/ST/PwD)**; age ≤26
- **Cutoff:** RTI reports suggest a *lower-than-expected* shortlist cutoff (~54 marks) because so

many posts were filled.

- **Pay:** Scale ₹60,000–1,80,000; annual CTC **₹16–25 LPA**. (GAES trainees get a lump-sum monthly stipend for 1 year first.)
- **Bond: 3 years;** bond amount **₹3,00,000 (Gen/EWS/OBC) / ₹50,000 (SC/ST/PwBD)** for Grade-A.
- **Selection:** Historically GATE weight 85% + GD/GT 5% + PI 10%. **IOCL 2025 & 2026 moved to its own CBT** (85% CBT + 5% GD + 10% PI) — so *check the notification year carefully*.
- **Verdict:** High volume, strong package, but verify GATE-vs-CBT each cycle.

Tier 2 — Strong, stable, solid pay

4. NTPC — *largest vacancy count*

- **Role:** Engineering Executive Trainee (EET), E-1
- **Disciplines:** Electrical, Mechanical, Civil, Electronics/Instrumentation, **Computer Science/IT**
- **Vacancies: ~475–515 per cycle** (biggest of all, though CS share is small)
- **Pay:** ₹40,000–1,40,000; CTC ₹12–18 LPA
- **Bond:** 3 years; **₹5,00,000** (Gen/EWS/OBC), ₹2,50,000 (SC/ST/PwBD)
- **Age:** 27
- **Selection:** GATE score (no separate exam) + GD + PI; ~85% GATE weight.

5. POWERGRID (PGCIL) — *transparent cutoffs*

- **Role:** Engineer Trainee (Computer Science)
- **Cutoff (GATE 2024, CS):** Gen **67.88**, OBC 57.4, SC 50.73, ST 40.15, EWS 57.12. **2025 Gen ≈ 70** — trending up.
- **Pay:** ₹40,000–1,40,000 (IDA) during 1-year training; **post-training CTC ≈ ₹22.5 LPA**.
- **Bond:** 3 years; ₹5,00,000 (Gen/OBC/EWS), ₹2,50,000 (SC/ST/PwBD).
- **Age:** 28.
- **Catch:** CS vacancies are tiny (e.g. only **2 posts** in 2025, routed via CTUIL) — so cutoff is volatile.

6. Grid India (POSOCO) — *prestige + strong pay*

- **Role:** Executive Trainee
- **Disciplines:** primarily Electrical; **CS/Computer Engg accepted in some cycles**
- **Cutoff (2024):** Gen **74.67**, OBC 72.67, SC 60.33, ST 58.67
- **Pay:** E-2 ₹50,000–1,60,000 during 1-year on-the-job training
- **Age:** 28; min 65% in degree.

- **Verdict:** Elite grid-operation role; CS intake intermittent — watch the notification.

7. BARC (OCES/DGFS) — *best "research" CS route*

- **Role:** Scientific Officer 'C' (Group-A, DAE) — CS discipline code **26**
- **Route:** GATE score **or** BARC's own online exam → interview
- **CS GATE cutoff 2025: 831** (CBT cutoff 124/300)
- **Stipend: ₹74,000/month + ₹30,000 book allowance** during 1-year training (OCES)
- **After absorption:** Level-10 ₹56,100 + increments → **~₹1,34,000/month gross** in Mumbai; Group-A Gazetted, air-travel allowance, health scheme.
- **Bond:** indemnity — serve DAE **3 years** after training.
- **Verdict:** A research-grade CS career (HPC, cyber, control systems, computational science). CS cutoff is high but the payoff is excellent.

8. DRDO (via RAC) — *defence research*

- **Role:** Scientist 'B' (also ADA, WESEE posts)
- **Vacancies:** ~148-181 per cycle across disciplines incl **Computer Science**
- **Eligibility:** first-class B.E./B.Tech CS (65%)
- **Pay:** Level-10 ₹56,100-1,77,000; gross **~₹1,00,000/month**
- **Age:** 28
- **GATE:** used for shortlisting; **score >700-800** considered competitive
- **Verdict:** Great for cyber/embedded/AI research interest; own exam/ interview heavy.

Tier 3 — Good backups

9. NPCIL — nuclear power

- 330 ET vacancies (2026 cycle) via GATE 2024/25/26; **CS eligible**
- Training stipend (~₹35,000-74,000 reported, varies by year) + book allowance
- Post-training: **Scientific Officer/C, ₹56,100 (L-10)** → ~₹1.3 L/month, Group-A
- Bond 3 yrs; age 26; min 60%

10. NALCO — aluminium (Navratna)

- GET through GATE; disciplines include **CS, IT, C&I**, plus core
- Min **65%** (Gen/OBC), 55% (SC/ST); age 30; pay ₹60,000-1,80,000; 4-yr bond typical

11. NLCIL — lignite & power

- GET through GATE; CS accepted; min 60%; age 30; pay ₹50,000-1,60,000

12. NHPC — hydro power

- ET through GATE (CS/IT in eligible list)
- **Cutoff 2024: UR 63.79, EWS 62.74, OBC 60.99, SC 49.81, ST 40.4**
- Pay ₹40,000–1,40,000; age 30

13. NFL — fertilizers (Miniratna)

- ET through GATE; CS accepted; min 60%; age 27; pay scale ₹16,400–40,500 (older) / ₹40,000–1,40,000 (newer)

14. EIL — engineering consultancy (Navratna)

- Engineer Gr-I through GATE; **CS/IT accepted**; pay ₹60,000–1,80,000; 3-yr bond

15. BPCL / HPCL — oil marketing

- **BPCL**: Executive via GATE — **ME, CS, IN** listed; 60% min; ₹60,000–1,80,000
- **HPCL**: increasingly **own CBT**; IT/IS Officer roles; scale ₹30,000–1,20,000 (₹10.9 LPA) to ₹60,000–1,80,000

16. BEL — defence electronics (Navratna)

- Probationary Engineer — CS included; **own CBT**; basic ₹40,000 (~₹13 LPA); CS cutoff high (~82/125 in a recent cycle)
- Trainee Engineer (contract) alternate route: ₹30,000 → ₹35,000 → ₹40,000 over 3 years

17. BHEL — heavy engineering

- Engineer Trainee via GATE; CS among disciplines
- Pay ₹24,900–50,500 (after training); **CTC ≈ ₹12 lakhs**
- Bond **3 years, ₹5,00,000** (ET); age 27

18. MTNL — telecom PSU

- ET via GATE — **EC, EE, CS, IT**; 60% min; age 30; scale ₹16,400–40,500

19. HAL — aerospace (Maharatna)

- Own exam mostly; **one-location posting** is a big lifestyle plus
 - Pay ₹40,000–1,40,000; age 27
-

PART 3 — How GATE CS Marks Map to Score & Rank

Marks /100	GATE Score /1000	Approx AIR (CS)	What it unlocks
85+	980+	Under 20	Any PSU, any branch + top IIT M.Tech
75-85	900-980	20-150	ONGC, GAIL, IOCL, BARC, DRDO
65-75	830-900	150-600	NTPC, PGCIL, Grid India, NPCIL
55-65	760-830	600-1,500	BHEL, NHPC, NALCO, NFL, NLCIL
45-55	680-760	1,500-4,000	Borderline — few CS seats
35-45	600-680	4,000-10,000	Rare PSU chance; M.Tech/NITs easier
30-35	550-600	10,000-20,000	Qualify (GATE) only

GATE CS qualifying cutoff trend: 2022 = 25.0 · 2023 = 32.5 · 2024 = 27.6 · 2025 = 29.2 · **2026 = 30.0**

Category buffer: reserved-category cutoffs run **5-10 marks (or 40-90 score points) lower** than General. Approx gap at PGCIL 2024 CS: Gen 67.88 vs ST 40.15.

Rule of thumb for CS: to be *safe* for a top PSU you generally want **70+ marks / AIR under ~600**. For a mid-tier PSU, **55-65 marks / AIR under ~1,500**.

PART 4 — Selection Process (common pattern)

1. **GATE** — appear in the correct paper (CS) and qualify.
2. **Apply** on the PSU's careers portal with your GATE registration number.
3. **Shortlist** on GATE score/marks (category-wise).
4. **Group Discussion / Group Task** (some PSUs skip this).
5. **Personal Interview** — technical + HR.
6. **Medical** fitness check.
7. **Offer & joining** (often 1-year training-cum-probation first).

Weightage examples: PGCIL = GATE 85% + GD 3% + PI 12%. IOCL old = GATE 85% + GD 5% + PI 10%. → **GATE does ~85% of the work; the interview decides the final seat.**

PART 5 — Salary Reality: CTC vs In-Hand vs Pay Scale

PSU CTC figures are inflated by DA + HRA + PRP + PF + gratuity + medical. What actually matters:

- **Pay scale** (e.g. ₹60,000–1,80,000) = the basic-pay band you sit in, with 3% annual increments.
- **In-hand** $\approx$ basic + DA + HRA – deductions. For a ₹60,000-basic PSU job, in-hand is roughly **₹85,000–₹1,10,000/month** depending on city (metro HRA higher).
- **CTC** (₹15–25 LPA) includes employer PF, gratuity, medical, PRP — treat as ~60–70% real cash.
- **Rough CTC by pay scale (2025):** ₹40,000 scale $\approx$ ₹15 LPA · ₹50,000 scale $\approx$ ₹19 LPA · ₹60,000 scale $\approx$ ₹26 LPA.

Non-monetary value: job security, subsidised housing/medical, pension/gratuity, fixed postings, low work pressure, PRP bonus. This is why PSUs compete with private IT even at lower cash.

PART 6 — Strategy Notes for a CSE Aspirant

1. **Target realistically.** GAIL BIS is the cleanest CSE fit; ONGC AEE(CS) has the best CTC; BARC/DRDO suit research-minded CS. NTPC/PGCIL/NPCIL are high-volume-but-few-CS-seats backups.
 2. **Aim 70+ marks / AIR <600** to be comfortably shortlisted for a top PSU in CS.
 3. **Track notifications March–June** each year (GATE results ~March; PSU notices March–May; interviews May–July; joining June–August).
 4. **Watch the GATE-vs-CBT switch.** IOCL, ONGC, HPCL, BEL, ECIL have run their own CBTs — if a PSU has gone CBT, your GATE score becomes irrelevant for that cycle.
 5. **Keep M.Tech/PG as a parallel option.** A high GATE CS score simultaneously opens IIT/IISc M.Tech and CSIR/PSU research — CS PSU seats alone are too few to rely on 100%.
 6. **Don't ignore MCA/PG eligibility.** ONGC explicitly accepts MCA and PG-Computer Science / DOEACC 'B' level — a second eligibility lever.
 7. **Interview prep = 15% of score but decides the seat.** Prepare: your B.Tech project, OS/DBMS/Networks/DS/Algorithms fundamentals, current affairs of the sector.
 8. **Verify, don't trust blogs.** Cutoffs on edtech sites are often estimates. Cross-check the PSU's official PDF notification.
